TENDENCY OF STOCK  
LIST IS IRREGULAR

Market Closes Steady, After  
a Day of Erratic  
Deals.

New York, N. Y., April 3.—The ten-  
dency of the stock list was irregular  
during the morning session today, with  
Reading and Amalgamated Copper the  
heaviest of the leaders. United States  
Steel and Union Pacific recovered from  
their earlier weakness and Canadian  
Pacific and Norfolk & Western added  
to early gains.

A brisk movement in Wabash pro-  
duced the 4 percent bonds, which  
rose 1/4 and 1/2 respectively, for no  
known reason, was a feature of the  
minor railway group. The Erics were  
again in moderate demand, with some  
inquiry for Missouri Pacific. Bonds  
were firm.

A more stable tone developed after  
the completion of the London selling,  
which was estimated at 12,000 shares.  
Bullish operations received a chill when  
call money rose to 3/4. Speculation be-  
came very dull and prices weakened  
slightly. Room sentiment favored the  
short selling side market, but sup-  
porting orders were judiciously placed  
whenever the decline became impor-  
tant enough.

More Development to the Square  
Foot Than Any Other Portion  
of the Mimbres Valley

Well No. 1 of Little Vineyards Co., one mile east of Deming, equipped with 35 h. p. General Electric Motor  
No. 7 American Well Works Pump, delivering 1400 gallons of water per minute.

Little Vineyards Company's superb tracts with water developed going fast. Buy  
while you can, before the price goes up. Your own terms—\$150 per acre.  
Choicest property, developed or undeveloped, in the vicinity of Deming. One  
year's crop makes the price of the land. If you want a country home, if you want to  
become independent, get in good health or stay in good health, have all the con-  
veniences of the city without the disadvantages, you can't afford not to investigate  
Little Vineyards tracts.

When you stand at the southwest corner, just a mile from the Deming postoffice,  
and look across that magnificent stretch of 1000 acres, see elegant bungalows going  
up in every portion of it, witness those splendid wells sending their life giving  
waters through interlacing canals and ditches, see a graded road around every  
forty acres, trees set out along the same, see the rich, deep mellow soil soaking up  
the water—when you actually see these things, you will get busy and buy a five-  
or ten- or twenty-acre tract. You can't keep from it. It is the best, cleanest, surest  
Money-maker in the Mimbres Valley, or for that matter, in New Mexico. Don't  
overlook this magnificent opportunity. Write us at once or call and see us.

Wreckage Indicates that the  
Koombana Went Down  
in a Storm.

Perth, Western Australia, April 2.—  
Wreckage picked up off the coast ap-  
pears to seal the fate of the 50 passen-  
gers and the 80 men of the crew of the  
British steamer Koombana, which has  
been missing since the disastrous  
typhoon that prevailed on the north-  
west coast of Western Australia the  
last week of March.  
The wreckage of the Koombana  
which belongs to Adelaide, was found  
in the vicinity of Pearl Fishing station  
at Broome, a small seaport in the Kim-  
berley division of Western Australia.  
During the typhoon 67 pearl shipping  
boats belonging to Broome were  
wrecked and over 40 pearl fishers lost  
their lives.  
The Koombana was a steamer of  
2122 tons net. She was built at Glas-  
gow in 1900.

MERELY "TIRED OF IT ALL,"  
SO GIRL KILLED IT IN DEATH

New York, N. Y., April 3.—A pre-  
liminary inquest into the death of Mrs.  
Beckman Lorillard, the wealthy young  
society woman, whose body was found  
floating in the Holland house on March  
16, was held today. The only develop-  
ment was the testimony of a hotel maid  
that on the day after the tragedy she  
found a note underneath a bath tub in  
the Lorillard rooms, apparently written  
by Mrs. Lorillard.  
The note according to coroner Pain-  
berg asked that no one but herself be  
blamed for the act, and stated she "was  
tired of it all."

NEW CROP UNDER  
SELLING PRESSURE

Seeding in Northwest and  
Good Weather Puts  
Wheat Down.

Chicago, Ill., April 3.—Rapid spread  
of seeding in the northwest and favor-  
able weather put new crop futures un-  
der heavy selling pressure today in  
the wheat market. The opening here  
was 1/4 to 1/2c lower, July started at  
98 to 99 1/2, the same change from Mon-  
day night as the market taken alto-  
gether. A decline to 95 1/2, followed.  
The close was steady with July at  
95 1/2 to 95 3/4, showing a decline of 1  
to 1 1/2c.

Free weather led to a display of  
bearish sentiment regarding corn. May  
opened unchanged to 1/4 to 1/2c up at  
75 1/2 to 75 3/4 and sagged to  
75 1/2.

The close was easy with May 1/2c  
lower at 75 1/2 to 75 3/4.

Free offerings from scattered  
sources carried down oats. May  
started the same as Monday night to  
a shade off at 55 to 55 1/2c, and de-  
clined to 54 1/2 to 54 3/4c.

Provisions were sharply higher all  
around. Buying orders were free and  
the pig supply scant. First transac-  
tions ranged from 5 to 17 1/2c up with  
July delivery \$17.75 to \$17.85 for pork;  
\$10.25 to \$10.27 1/2 for lard, and \$10.09  
for ribs.

Ten-Acre Tracts  
Sold by the  
Homeplot Company  
Increase in Value

A few years ago this  
property went begging  
—nobody would have it  
—now with the town  
pushing right out into  
the midst of it, it is the  
most desired acreage  
near town.

We Have Sold  
Sixty-Four  
Tracts

since it was put on the  
market. Everyone who  
has bought one of these  
tracts has made money.

Several of these tracts  
have been cut up and  
sold out as town lots.

Before a great while  
all of this property will  
be in town lots, and then  
you reap a golden har-  
vest.

But it is not as a spec-  
ulation that it makes  
the strongest appeal to  
the buyer.

The property is ideal-  
ly situated for a home.

Ten of these acres  
is an independence  
for life

For little cost you can  
instal a pumping plant  
and put ten acres into  
cultivation.

It's all the land one  
man can handle to ad-  
vantage under intensive  
cultivation.

You can make not  
only a living from it,  
but you can make mon-  
ey.

The tracts are located  
within easy walking dis-  
tance of the best schools  
in New Mexico and in  
the suburbs of the fast-  
est-growing town in
